To Our Village

Santa Saturday was such a success this year and we couldn't have made the magic happen without so many people. We want to thank each and every one of them.

To the Wauneta Volunteer Fire Department, thank you for packaging all the Christmas treats and transporting Santa and Mrs. Clause. To Santa and Mrs. Clause, we appreciate you taking time out of your busy schedule to come visit our little village! To Lindsay Anderson and the Wa-Pa Cheerleaders thank you for volunteering your time and taking pictures for the community. To each Parade of Lights entry, thank you taking the time to light up our Main Street. It was beautiful! To all the volunteers who helped make soups and desserts or came to serve, your generous hearts were felt that day. Finally, to the Holiday Committee, we thank you for all the hard work and planning you put forth into making Santa Saturday such a wonderful day.

All the community involvement for Santa Saturday just reassured something we already knew, how wonderful it is to live here. We want to wish you a Merry Christmas and joyous New Year!

New Years Resolutions to Improve Your Health and Well-being

After the busy festive period, the New Year can be an excellent time for a fresh start, and a chance to begin the year with a healthy mindset. Here are three top tips on how you can focus on your health and well-being in the New Year, resulting in long-lasting benefits.

Look after yourself physically, to feel better mentally

Your physical health and mental wellbeing are linked, and as such, there are lots of positive changes you can make to improve your physical wellbeing that will also result in psychological benefits. These include exercising regularly, eating well, and getting plenty of sleep.

Get yourself 'out there'

It's a good idea to actively look for ways to get yourself 'out there' in the New Year. You could try joining some form of group or club, based on something you enjoy or something you've always wanted to try. Pick up a hobby and make the commitment to stick to it through 2024.

Take some much needed time for yourself

It can be easy to focus on the needs of other people in your life at the expense of your own needs, but taking just a small amount of time for yourself can be hugely beneficial to your psychological health. Plan time for yourself, discover what makes you happy, and stop being so hard on yourself.
